

## Dahlia Starsister Series

Dahlia x hybrid

The dwarf dahlias in the Starsister Series are vigorous, ever-blooming bedding plants. The tidy tender perennials are borne from tuberous roots that can easily be dug and stored indoors where winters are cold. They are bushy and have lush deep green lobed leaves. When conditions are favorable, they become covered with short leafy stems laden with semi-double daisies.

**Height:** 12-24 inches

**Spread:** 12-24 inches

**Seasons:** Spring, Summer, Autumn

**Colors:** Assorted

**Usage:** Containers

**Other:** N/A
