

Kitchen Minis Combination Planters

Tomatoes and Peppers

The Kitchen Minis collection consists of tomato and pepper varieties that consumers can grow inside or out. These are meant to be sold in small pots (4-8 inch depending on variety) that a consumer can grow on a sunny countertop, windowsill, or outside on a patio table or in a window box. Kitchen Minis plants are sold not only with fruit emerging on the plant, but ideally they should have a few ripe fruit, essentially making these ready-to-harvest.

Height: 8-12 inches

Spread: 5-10 inches

Seasons: Spring, Summer, Autumn

Colors: Red, Green, Yellow, Orange

Usage: Vegetation, Display

Other: Mix of peppers and tomatoes
