

Thunbergia

Thunbergia alata

Thunbergia is a series of vigorous, free flowering vines that are exceptionally well-suited to large patio planters and hanging baskets. Although best known for knockout Summer performance, the TowerPower™ series has been selected for early, prolific flowering and can therefore be produced early to give your spring production a little extra “power”.

Height: 60-96 inches

Spread: 16-24 inches

Seasons: Spring, Summer, Autumn
